Madonna,

School is coming to an end and it is sort of a bummer, because I won't get to see my good friends. That means I won't get to see my friend Madonna, which will be a bummer. But the great memories will live on. Including those times that I really got to know you, that would be the Searches. These were probably some of the best times I have ever had, which you are a big part of. I will always remember Madonna Howard, and the great times that go with them. I wish you all the luck in life, you are a wonderfull person. Stay that way and take care

Love always from a fellow searcher & friend

Vern

P.S. If you ever are bored or need somtone to talk to, give me a ring 753-8532 (B4E.)

Back to class.
Just one more class.
Math is boring.
Love letters and poems are written.
Teacher's slightly raised voice wakes you up.
Time to go.
Bell rings.

Bell rings.

Thus it was

I am being driven forward
Into an unknown land,
The pass grows steeper,
The air colder and sharper.
A wind from my unknown goal
Stirs the strings
Of expectation.

Still the question:
Shall I ever get there?
There where life resounds,
A clear pure note
In the silence.

The childhood we had just yesterday
Slips from our grasp
As this chapter draws to an end
And a new one begins

Like a butterfly in it's cocoon,
We await the spring,
Ready to fly
To test our wings.

The future, a budding flower
Nourished by hopes and dreams,
Opens before our eyes,
Reveals new possibilities.

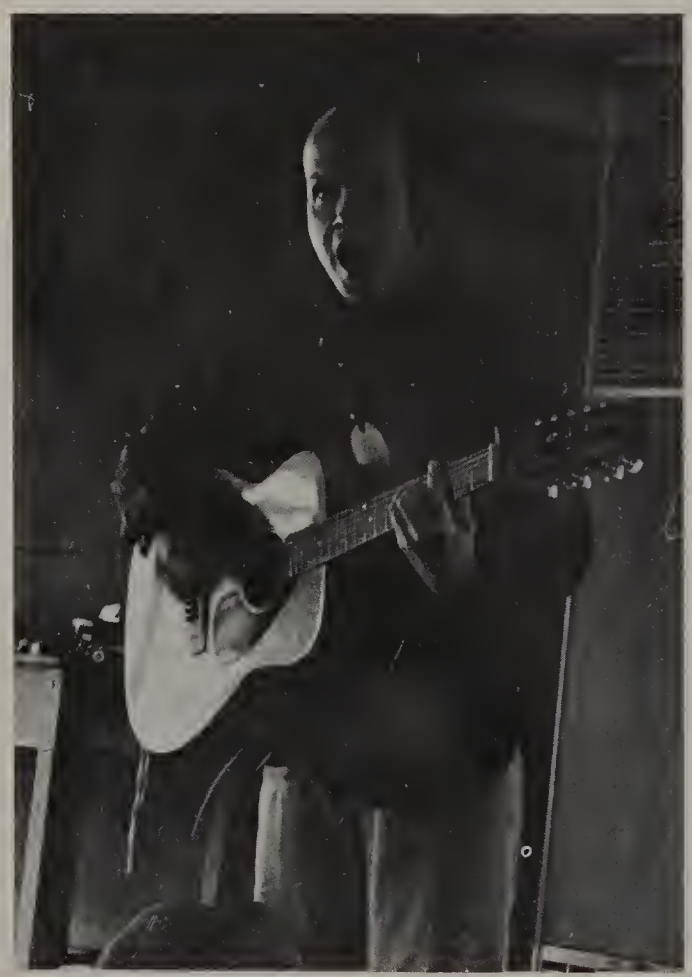
PEOPLE & PLACES

ACTIVITIES

SEARCHES-A SPIRITUAL AWAKENING . . .

The basic format for Uni's Search-Retreat program has been changed this year, but people still come home after the experience feeling better about themselves and God. A Retreat is filled with laughter, love, smiles, and tears. New-found friendships are also a factor of the three days. If any two people tried to describe a Retreat minute-by-minute, there would be two completely different descriptions because everyone has their own interpretation about the three days. It's simply an experience everyone must encounter by themselves for their own personal understanding.



MASSES- A CELEBRATION OF UNITY . . .

About the several Uni masses,
There's not much to explain.
It's similar to going to Church,
But it's simple and it's plain.
There is no choir or fancy pews,
No women singing soprano.
The music's fairly limited
without organ or piano.
What is it then, you ask yourself
About our Uni Mass?
It's sharing and togetherness,
A joining of every class.

UNI PROMOTES INDIVIDUALISM

Invites Bunnies And Ghouls To School.

Were you there
at that school called Uni,
when every single person
dressed up like a goonie?

I think it was a Tuesday,
Yes, October 31,
when people wore some crazy
costumes,
And at lunch, prizes were won.

All of Uni High School
was covered with these creatures.
And it wasn't just the students,
but also Uni's teachers.

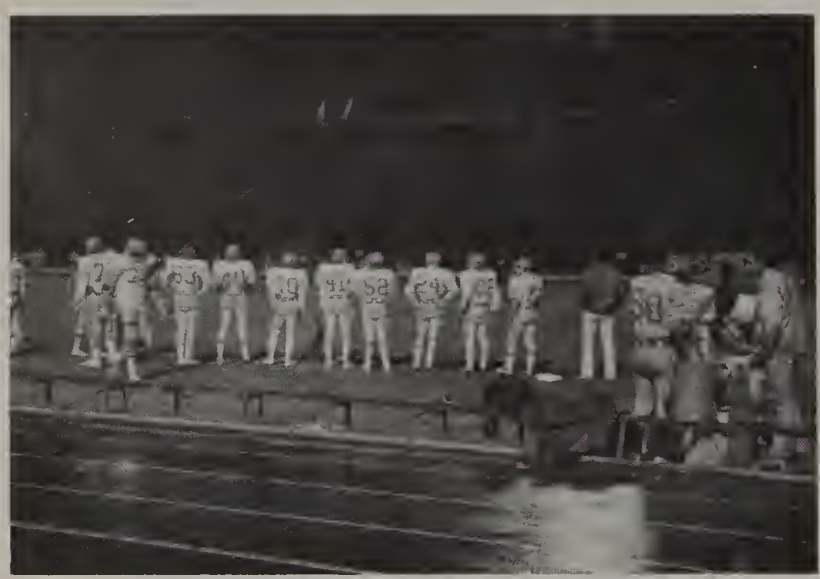
Everyone had loads of fun,
on that day of Halloween,
when ghouls, fools, geeks, and freaks,
everywhere could be seen.

Clockwise:
"Romeo, Romeo, wherefore art thou, Romeo?"
"Dig my ankles?"
I was in the Crest test of 1964 ...
"It's only Ripple, but I love every drop of it!"

A SOGGY NIGHT FOR VICTORY

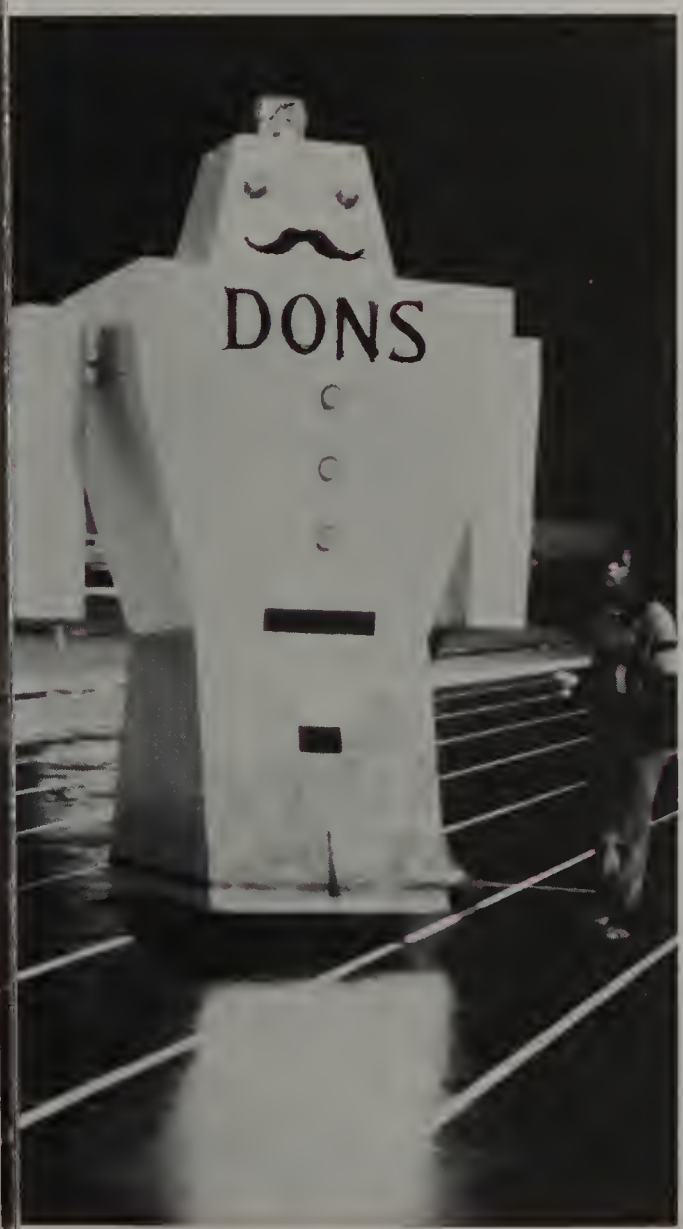
Dons Snag Trophy For 4th Consecutive Year.

Devoted football fans were in for a pleasant surprise as they braved the stormy weather to support Uni in this 5th annual Charity Bowl against St. Augustine. The time and energy spent on this event really paid off in an exciting game as the Dons breezed past Saints 14-6, climaxing in an unprecedented touchdown by David Martinez which sent the entire Uni side of Balboa Stadium into a wild frenzy. This is the 4th year in a row that Uni has won the Charity Bowl and kept the trophy in it's possession.



Victorious Dons show off their trophy and their muscles!

Uni fans cheer their victorious team in a frenzy of bubbles and confetti.



The Dons douse their coach ceremoniously after defeating Saints.

ZOOMING ON ICE . . .

. . . is what a couple hundred students from Uni were doing one night up at the Ice Capade Chalet at the Towne Center. Of course, there were a few students from other schools that snuck in to enjoy the fun. Those sneaks! They just couldn't resist all the fun that Uni was having up there. You can't blame 'em though. With good music playing, free skates and ice, who could resist? There were all kinds of skaters up there on that beautiful night. There were those who just glided on the ice like pros, those who skated on their stomachs and behinds, then those who skated for the sake of skating. But, whatever type of skater they were, it was enjoyable for Uni, and even those sneaks!

SLAVE DAY . . . highlight of PRESIDIO WEEK '79

This year marked the beginning of a tradition for PRESIDIO. The purpose of PRESIDIO week was to raise money for the yearbook, and get Uni students involved with the annual. Activities ranged from a bake sale to a successful patron drive, but the highlight was the first annual Slave Day. Junior and Senior guys were auctioned off by our own Mr. Crazy Dave Gorsich. His constant jokes kept the crowd in an uproar. The highest bidder became the proud owner of a slave for a day.

JUNIOR RING CEREMONY

THE UNITY OF THE CIRCLE . .

A Special Day for Juniors

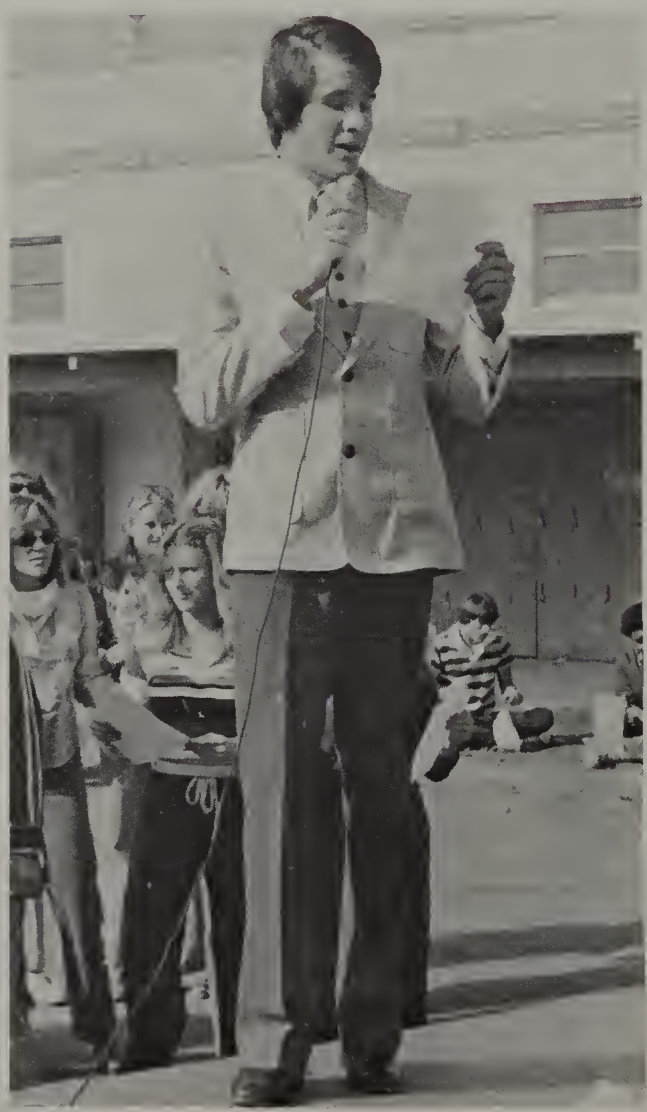
Bonded together in growth and love, the Juniors took their first step toward becoming Seniors at this year's Ring Mass. The evening's activities were planned with care, and the Class of '80 was encouraged by onlooking friends and family. . . . A class ring is a permanent and lasting reminder of the years spent together in high school. The Ring Mass symbolizes the growth we have experienced, and the closeness, the bond we share between us all.The Class of '80 exemplified that closeness during the service.

Good luck in the future!

HI-JINX HI-JINX HI-JINX

Whatever happened to "four calling birds, three french hens . . . ?!

"And our next lovely model is wearing. . ."



Was it worth a second chance, Juniors?

HI-JINX HI-JINX HI-JINX

Remember the time we had hi-jinx one week,
When people gave canned goods and gifts wrapped up neat,
For those who weren't able to afford their whole share,
We were saying in our way to people, "We care!"

Remember the actors who kept their cool,
While they performed X-mas plays for the whole school?
And who'll forget when we had to sing songs.
How embarrassing it was when we sang the songs wrong!

Yeah, hi-jinx was great, and hi-jinx was fun,
Hi-jinx had something for ever-y-one!!

"Stepping Out In Style"

3RD ANNUAL FASHION SHOW

This year's Junior Class Fashion Show offered new highlights not seen in previous shows. Held at the Bahia Hotel, the Bay Room was decorated under the direction of Margaret Cahill. The Fashion Show commenced with a one hour, no-host bar, followed by brunch with entertainment by Barbra Gourley, John Herrero, and Sheila Moran. In keeping with the theme, "Stepping Out In Style", 24 Juniors modeled clothes from Fashion Conspiracy and Toni Marten's Formal Attire. A special feature of the show was the disco fashions with a dance routine choreographed by Lorelie Fogel. Fabulous door and raffle prizes, organized by Tani Chartier, were given throughout the show. Thanks to everyone involved, especially Show Chairman, Jennifer Butler, the Fashion Show turned out to be a great success.

UNI TALENT DISPLAYED

The Student Art Exhibit, co-ordinated by the Art Department and Miss Rosa, displayed the artistic talents of our students. Many mediums were used creatively to express a wide variety of art forms: oils, acrylics, water color, pen and ink, and wood. This was the third and best year, drawing a large, enthusiastic crowd, and support from around the school.

GYMNASTICS AND DANCE REVIEW

The 1979 Gymnastics and Dance Review featured something new and exciting: BOYS! For the first time Uni had a boy's gymnastics class and they participated in the review with tumbling and antics. The girls were up to their usual high standards with gymnastics and dance routines. The time and effort put into the review really paid off.

Below: "50's" was the theme of the dance.

A TURKEYTROT ..?

Intramurals have always made for a change of pace here at Uni. The Boys and Girls Federation Presidents, Bill Thomas and Theresa Fisher, really did a great job this year in putting on the intramural activities. There were the old favorities like volleyball, ping-pong, and basketball, as well as some new ideas like the paper airplane contest, the turkey trot, and over-the-line. The intramurals provided a relaxing atmosphere for students to show their skill in friendly competition.

. . . And the turkeys are off for a race around the school.

JESTERS-producers of quality plays

The oldest and most active club on campus, the Jesters, was founded in 1957, Uni's first year, by Father Leo Lanphier. It is considered an honor society since thirty two hours of service in a production is necessary for membership. Jesters produces four plays annually in addition to sponsoring other social events. For its members the highlight is the Annual Awards Dinner at the University Club.

AGATHA CHRISTIE'S "TEN LITTLE INDIANS"

John Herrero as the "Judge".

This Agatha Christie mystery was the first play of the '78-'79 season. It was filled with thrills and fine characterization, especially those of: "Judge" John Herrero; So. African adventurer-detective, Chuck "Blore" McCue; and, the high-powered dramatic duo, Lee Selis and Chris Miske. Brian Bouterie, Ingrid Inneken, Kenny "Doc" Wagner, Judy Oishei, and Eva De Meyer competently completed the cast. It was a decided hit that called for more of the same.

HARRY SEGAL'S "HEAVEN CAN WAIT"

Healthy laughter filled the four nights of HEAVEN CAN WAIT, by Harry Segall. Comments from the crowd classed this Jester production ahead of Warren Beatty's current screen hit. The cast included: Chuck "Joe Pendleton" McCue; John "Mr. Jordan" Herrero; Kenny "Max" Levine; and Lee "Julia" Selis, with Brian "Tony" Bouterie as her sinister accomplice. Together, they entranced every enthusiastic audience. Special effects provided by Wright, Hart, and Cadill Co. added much to the fantasy mood.

They are Uni's main branch, spreading leaves of joy and fun to crowds at the games, and Uni is the root of their job. So everyone—let's get rowdy!

WILDLIFE RESCUE CLUB

...and over here is the Wildlife Club... "Wildlife Club? What Wildlife Club?" you might ask. It all started when 5 Uni students decided to form a club that would care for injured wild animals. They got permission from the S.D. WLC to start their own club at Uni. Wild animals of the San Diego area such as possums, raccoons, bobcats, and foxes are brought in and taken care of. The WLC meets once a week at Uni and occassionally at the main base in Poway.

Strike!!!

This year, the bowling club encouraged Uni bowlers of all skill levels to come out and bowl. The club met at Frontier Lanes every Wednesday and everyone got to bowl. Teams were set up and the competition was without pressure from fellow club members. The club under the guidance of Mrs. Erickson, also plans a banquet for the end of the year.

RACQUETBALL CLUB

The Racquetball Club had an air of easiness this year. The members of the club met once a week and even held small, friendly tournaments among themselves... In the words of the moderator, Mr. Ariaza, "It's more or less a casual thing. We get together,play racquetball, and just have fun."

THE SILENT KINGDOM

In a silent kingdom of royalty,
On a common battlefield four kings fight.
And Queens to their Kings sit with loyalty,
While the Jacks bow down low to their plight.
The Aces of four are mightily high,
With bright red hearts and diamonds forever.
And while laughing jokers at their feet lie,
Black spades and clubs play ever so clever.
What silly rules to the games they have raised,
Using numbered knaves to do their small deeds.
And such startegies involved; I'm amazed!
Oh, such is the life and such are their needs.
And sometimes great welath these silly games bring,
But never great wealth to the silent King.

El Cid

Don of Dons

El Cid is the student newspaper at Uni. The paper is controlled by a very dedicated staff and their first year advisor, Tom Minor. Throughout the past school year, the newspaper has tried to turn out a quality paper with each edition. Long hours of hard work are paid off with a sense of accomplishment. El Cid is led by its "par excellence" Editor-in-chief, Mark Mackenzie. The team roster was filled by such notables as Frank "Zappa" Reichert in Sports, John "Owes Frank Money" Raggio in News, Barb "No Write Editorial" Gourley, Opinion Editor, "Mountaineer" Devenyns in Features, Norm "No Page" Misleh, Jay "What's a Photo" Kennedy, and David "Cartoon" Zepf.

Well Uni, this is Presidio '79. It is a product of hours of grueling and time-consuming work: staying after school, working holidays and struggling to meet deadlines. We wanted to bring you a quality yearbook to treasure for years to come, chances to smile and remember old faces, or maybe just a place to press flowers. Was it worth it? We think so!

Our layout staff designs each page of Presidio '79. They make sure the pictures and copy are balanced and appeal to your eyes, even if you don't notice it! Our business staff has the responsibility of selling advertising space. This year they also took care of the baby pictures and messages found in the last pages of the book. From left to right Editor Cathy Fenech, James Dalessio, and Maura Fleming.

The buck stops here. Moderator Mrs. Kelleher and co-editors Chiarme Paras and Jennie Ralph are the ones who take the final responsibility for getting everything together and to the press.

BISHOP LEO T. MAHER

AUX. BISHOP GILBERT CHAVEZ

"I go to Uni because religion here makes the school different. Religion at Uni is not displayed by many students and faculty going to Mass every day. It is, instead, shown by every student and every faculty member going out of his way to be friendly and helpful to others. The big difference is that Uni is not just a school. It's not even a place but an experience and a feeling that we will remember forever. I've had a good time. THANKS UNI!"

SISTER DOLORES ANCHONDO
Associate Principal, Dean of Students, Spanish I.

The Administration. . . they have the singular problem of bringing everything at Uni together. All it takes is a little bit of foresight and planning, concentration, tenacity, diplomacy, efficiency and a lot of patience. This year has been as challenging as any. The most notable problem was the massive changes in the physical grounds. We all came to prefer dry dirt over very wet mud and the tranquility of classes without the roar of steel monstors blasting away. Through this and more our administrators maintained. We all thank them for another year of delicate balance.

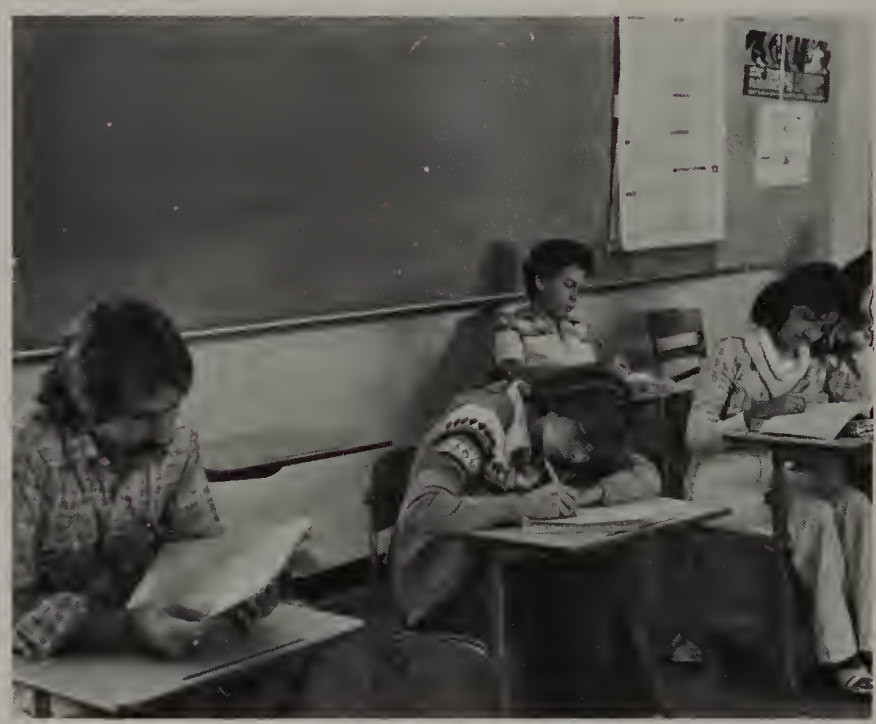
IDEAS & CHALLENGES

The religion department does not stop with just taking four years of religion classes. The Search Program and special religious activities throughout the year are all a part of the department. In class, religion has also taken a different approach. The emphasis is on helping students through a free exchange of issues and problems during class. Students are encouraged to have a positive attitude toward religion and to see it as part of everyday life.

RELIGION DEPARTMENT



" Like my new chalk?"

MATH DEPARTMENT

Mr. Thomson, Math Chairman, is pleased that both teachers and students are working hard in Math. Fine new teachers, plus the great "old" ones tailor to every student's needs. Everything from proficiency math to advanced calculus is available to make the department stronger than last year.

Included in the changes planned for this year is an evaluation of the honors program grading system.

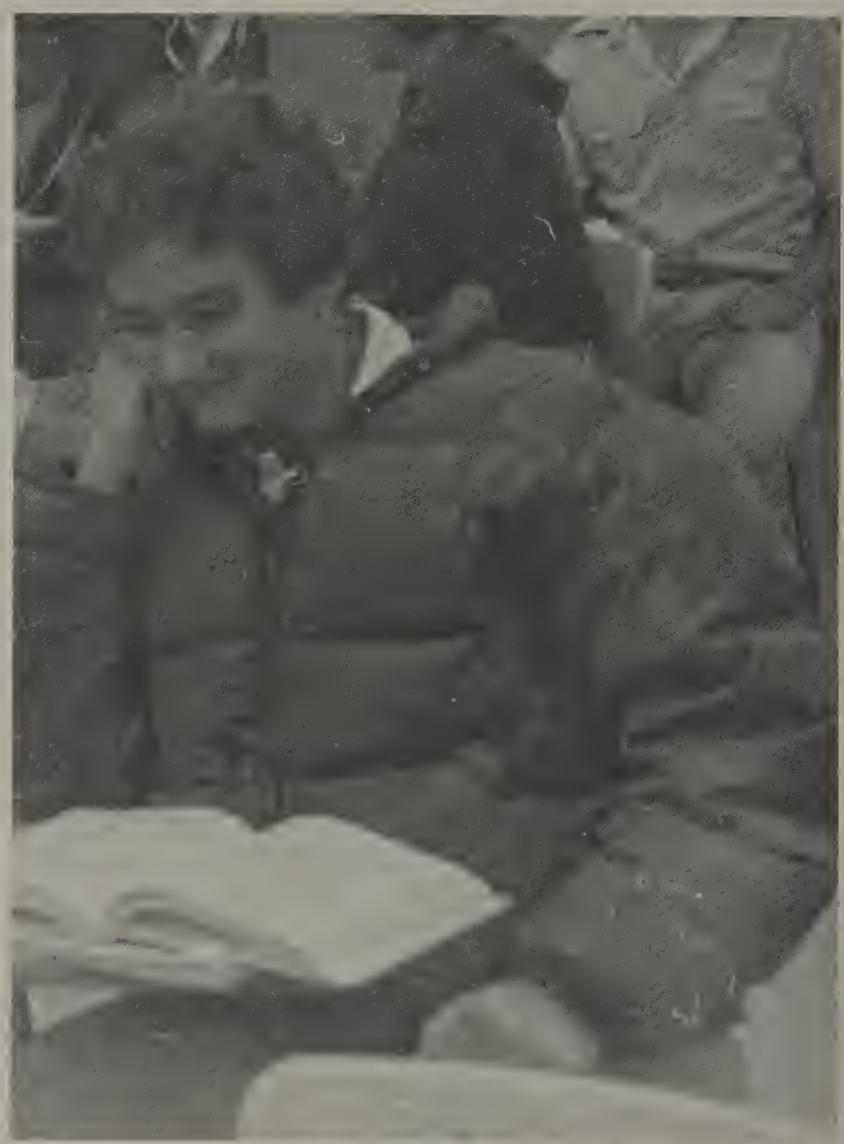
ENGLISH DEPARTMENT

Through hours of students' and teachers' working together, this year's English Department stressed the basics of writing. This goal was carried out by writing labs and expository writing classes.

For the more adventurous spirits there were Nobel Authors or San Diego Theatre classes, all requiring creative expression and, of course, effort.



They should make more books like this.

The Foreign Language Department boggled its students' minds with an array of nouns and verbs. Films, food and field trips added versatility to the classes, mispronuncia tions added humor, and teachers' dedication added warmth.

¡¡Silencia por favor!!

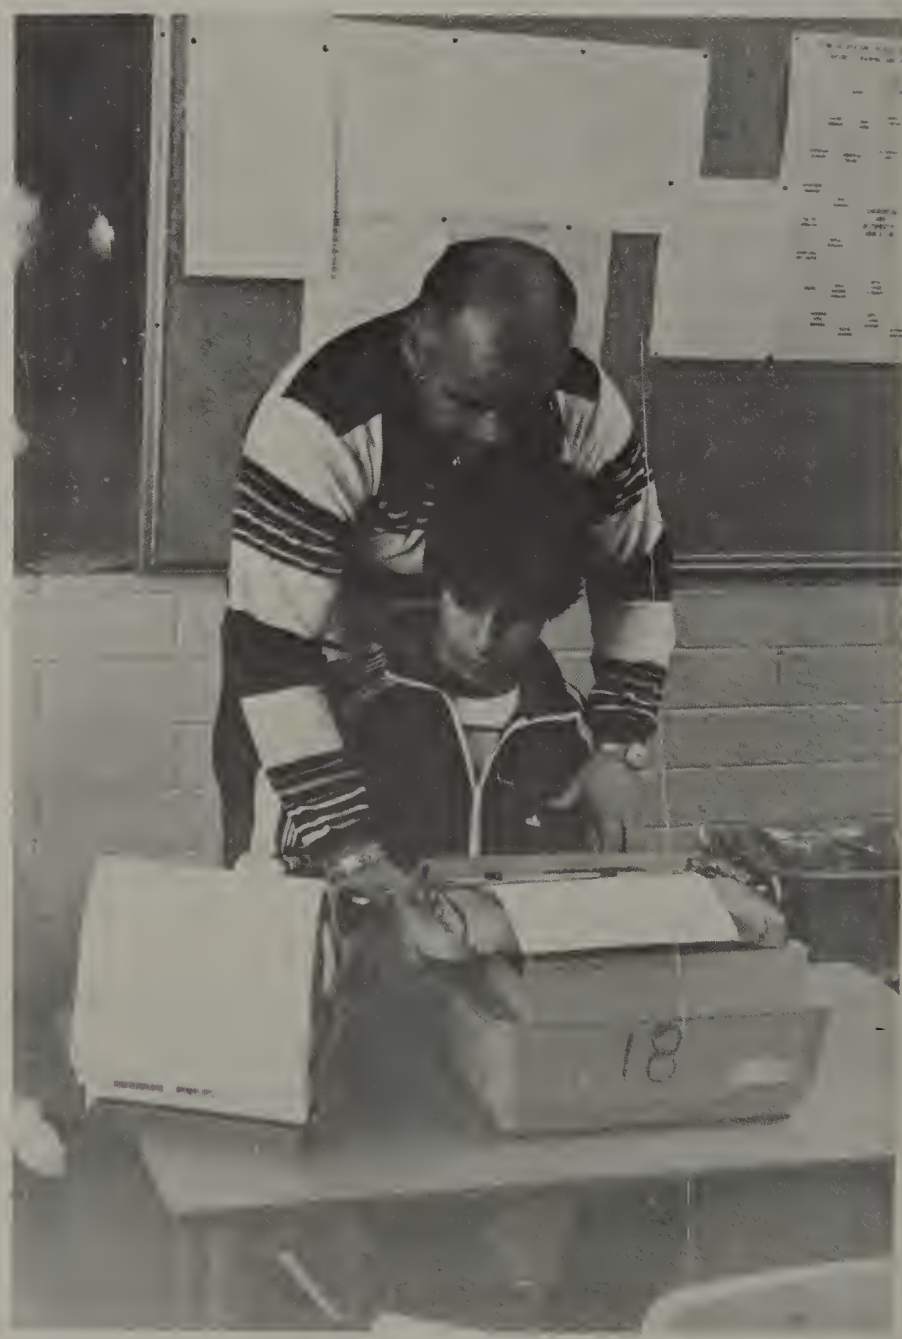
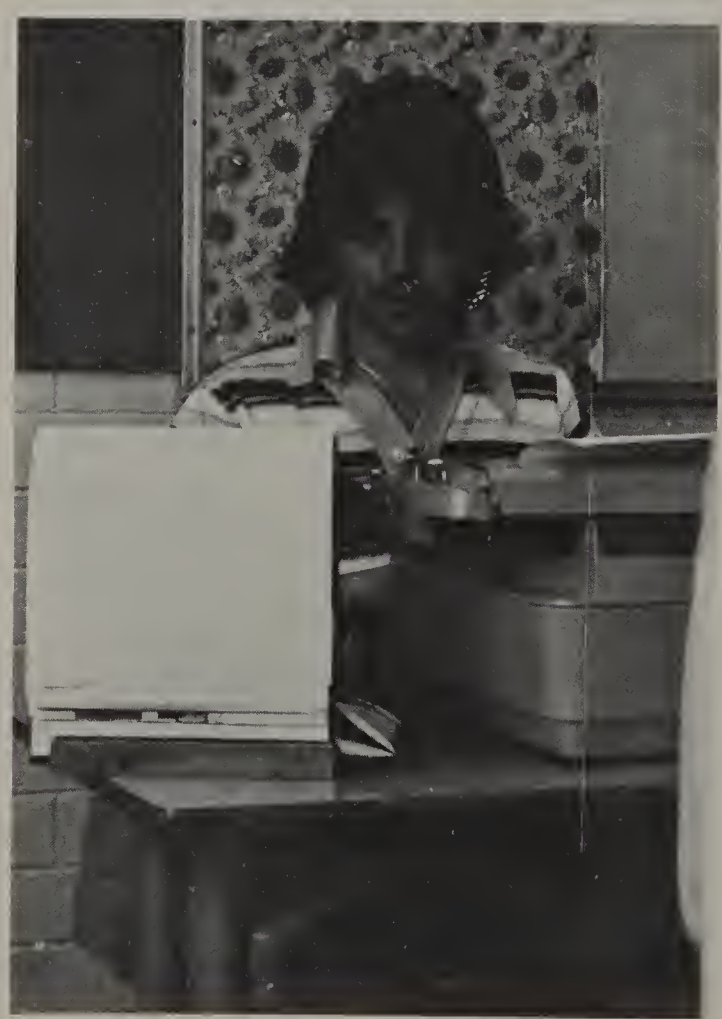
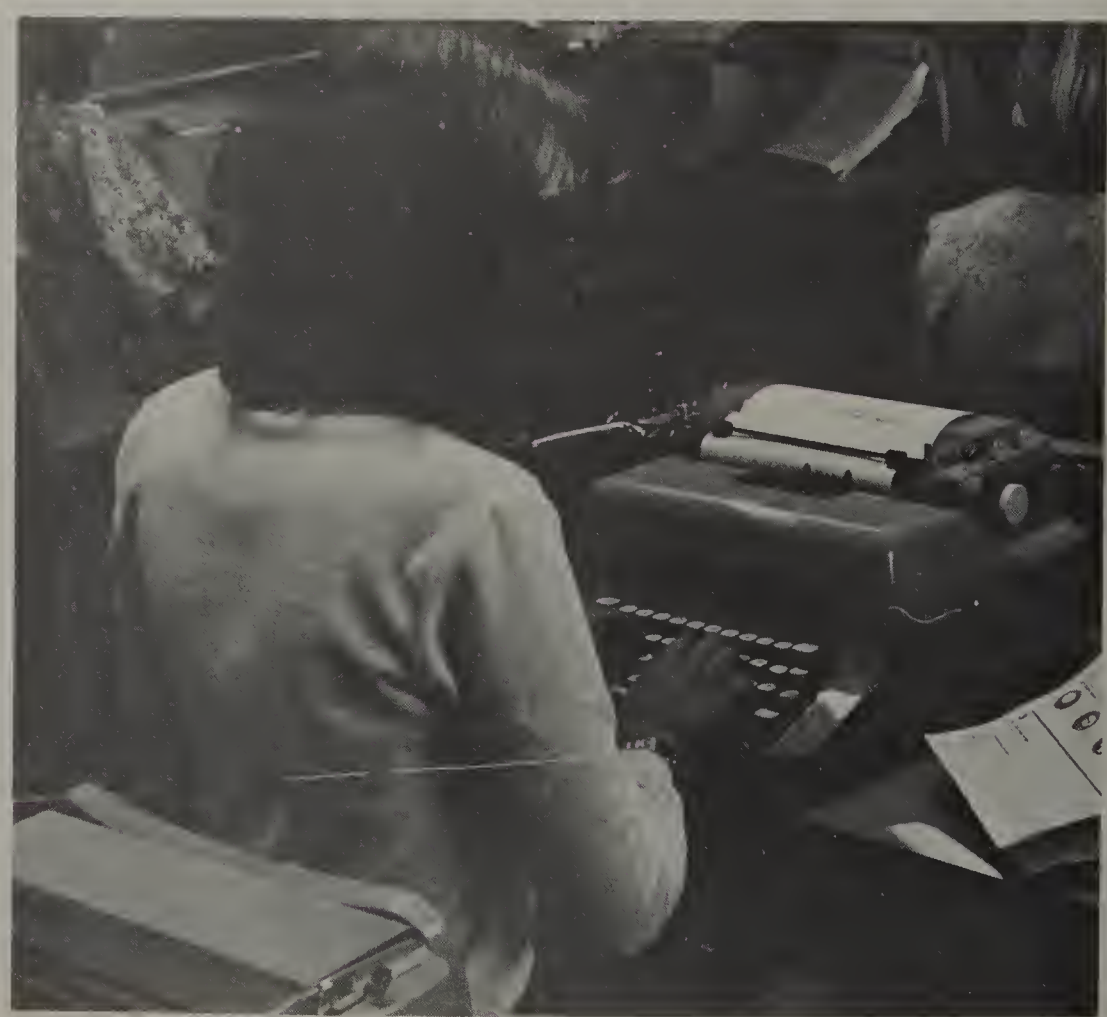
BUSINESS DEPARTMENT

The business education department offers classes in Typing, Consumer Ed., Business Law, and Accounting. These classes have a lot to offer Uni students. The many lessons and skills learned in the classroom can be put to practical use in school, the world of business and life in general.







HOME ECONOMICS

Uni's home economics classes provided a warm, personal atmosphere in which students could polish up on their domestic talents. Under the direction of Mrs. Kassebaum students learned sewing and cooking skills along with the responsibilities of child raising.

Eggs act as surrogate children to child development students.

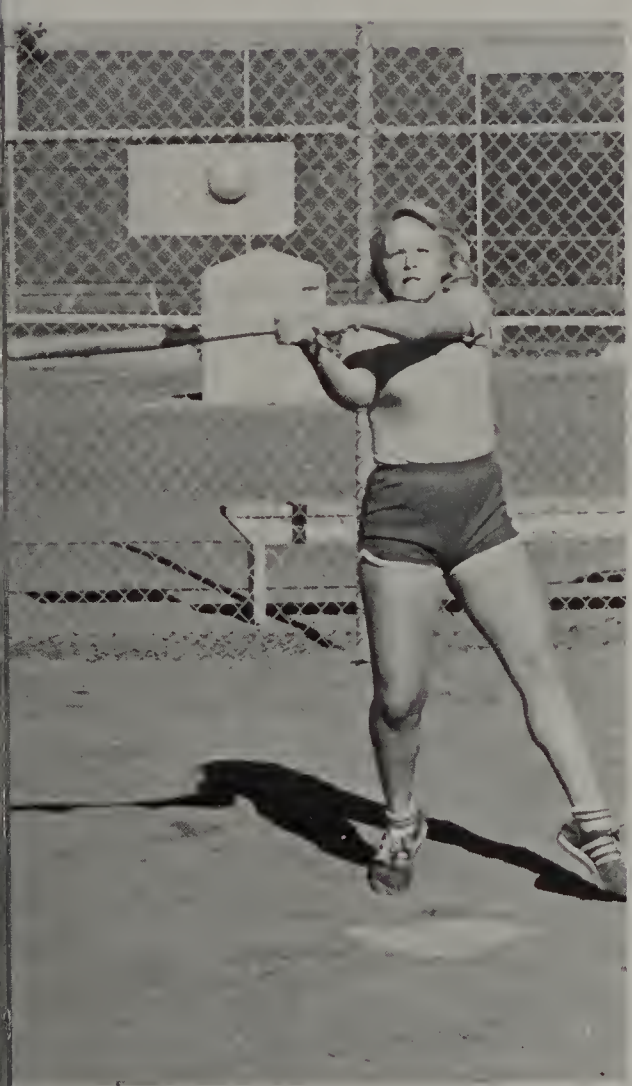
PHYSICAL EDUCATION DEPARTMENT



ARTS AND CRAFTS DEPARTMENT

To free imaginations, to express emotions, to capture ideas, to discipline techniques—this is creation, and creation is what Uni's Art Department is all about. Graphic design, sketching, and painting introduced basic skills to beginners. Now third year courses allow advanced students to explore further into their favorite fields of expression. Students also have the opportunity to try their hand at a wider variety of mediums. Best of all, the department stressed an atmosphere of casual relaxation, where ideas and true effort are matched.

Mr. Ramos took over as this year's new Varsity head coach. He described the season as "disappointing," considering the fact that the Sentinel had predicted they would take the Western League Championship. The team's final standing was a three-way tie for second place with a 4-3 league record ad and a 4-5 overall. The squad's MVP was running and defensive back, Gary Ricking. Pat Connors and Rick Balelo won the defensive and offensive awards respectively. With a new experienced coaching staff and many good returning players, look out Western League for next year!

J.V. FOOTBALL: KICK, PASS, RUN, TOUCHDOWN!

With a strong defensive line, this year's J.V. Football team ended the season with a 4-2-1 record which placed them 3rd in the Western League. Coach Casciato was impressed their skills and feels there will be some strong additions to the Varsity team next year. Capturing the Most Improved title was David Redfield & Most Inspirational was Matt Hettenbach.

FRESHMEN LEARN FOOTBALL SKILLS

The Freshmen team's 0-6-1 record does not reflect the team's winning spirit. "We went into every game thinking we could win, but football is a game of breaks — we just got bad breaks," explained Mr. Marcus, the team coach. Much was accomplished not in terms of the win/lose column, but in terms in fulfilling the team's goals of instilling discipline, control, and the fundamentals of football in the relatively unexperienced squad. The team's MVP was Anthony McClendon who played many different positions and is, as his coach puts it, "a great athlete."

Well ... Uni's J.V. Cheerleaders are nothin' but the best! We're the ones that talk so loud, and wear the small, red vest! We try to look real sexy, we're faithful and we're proud. 'Cause we're rooting for the "Dons", and not some team that's cowed. You'll always see us there at the game shouting cheers our loud, trying to pep up the guys playing, and the ones up in the crowd. Yeah, we're a little rowdy, and some of us are modest; but Uni's J.V. Cheerleaders are the cuest and the hottest!!!

VOLLEYBALL QUALIFIES FOR C.I.F.

Third Year In A Row.

Teamwork was an important reason why the volleyball team took second place with a league record of 15-3. With the return of this year's junior players and the recruitment of players from this year's undefeated J.V. team, Uni can promise a very strong Varsity team for next year.

BADMINTON TEAM SHOWS IMPROVEMENT

Moving in a forward direction, this year's Badminton team was ranked fourth in the Western League. The improvement, says Coach Prather, is due to key players working together. The Most Valuable Player title was shared this year between Valerie Schmidt and Nanette Butler. Lourdes Garay had the Most Improved title. Coach Prather is excited about next year's team because there is the possibility of it being co-ed. She is looking forward to the change.

LOVES THEIR RACKET

Ready?

An integral part of any competitive team is learning and having fun. That's just what our girl's tennis team did this year, and though they ended the season with a record of 3-13, all the games were close. Sharing the title of Most Inspirational were Elaine Sebastian and Joan DeRyker. Tammy Redondo received the Most Valuable Player award. There were also several other leading players on the team. The top singles players were Tammy Redondo and Kris Struamjford. Karen Stock and Terri Rudolph were the leading doubles.

Since the majority of leading players will be graduating this year, next year's team will need determination and lots of work to develop more depth to the team and increase the skill level of their beginning players.

There it goes!

SOPHOMORES

Not too big, not too small,
Just in between, not special at all.
Knowing some things, forgetting others,
Getting rides home with mothers and brothers.
Being a sophomore is sometimes a bore.
Things we do, seem as if we've done them before.
See the freshmen getting lost,
But don't help them whatever the cost!
We've all been through the teasing before
And really don:'t care for any more.
New experiences lie not far ahead
(Watch that traffic light, it's turning red!).
When we can drive it will be great,
And for senior year, we can hardly wait!
But sophomore year isn't all that bad,
Just think of all the fun we've had!

Sophomore, no longer at the bottom, but still in between. Being a Sophomore, what does it mean? "When I was a Freshman it was easy, now the work is harder. They don't treat us like babies anymore." "Really nothing because you are just in a different grade." "When we were Freshmen we got kicked around but now we are one step closer to being at the top." "We are like a part of the school. We feel like we belong. We're part of the student body."

Uni student gives her support to school.

Sophomores, what changes would you like to see at Uni? "The tardy rule." "They should have more activities during lunch time." "Everything!" "The food in the machines to fresh food." "My grades." "Nothing, everything is O.K." "More coverage of girls sports in the El Cid. They are part of Uni too!" "Maybe just make it a little more fun for the students." "I would like to change the path to the school and make it shorter." "Change the sophomore lockers to the senior lockers."

Sophomores, what advice do you have for the Freshmen? "Get involved in the school and try to get good grades." "Don't sit on the Senior Stairs if you know what is good for you." "Get rid of all your hard classes." "Don't act dumb." "Stay cool." "Say you're a sophomore." "Be yourself." "Take it easy, do all your homework, and eat your vegetables."

Dr. Willard Cratchlieu, famed mad scientist, fascinated Uni students when he spoke here on October 31, 1978.

"Here birdie, birdie!"

SCHOOL FOR A FRESHMAN

The faces are unfamiliar,
The schedule equally baffling,
And, though you may survive 'til the end of the day,
You'll seldom end up laughing.

The school is a maze of halls and doors
And the courses are stiff and hard.
The juniors and seniors taunt and tease
And seldom take your part.

Amid the turmoil, crowd, and noise,
Your locker must be opened.
But once your locker combo's learned
The complaints are left unspoken.

F block is getting steadily boring,
The teacher drones on and on.
You glance at the clock, the final bell rings,
Your day at school is done.

What are Freshmen going to contribute to Uni? "A long and torturous memory of me." "Myself." "Nothing." "My best behavior." "I don't know yet."

What you have to attempt-to be yourself. What you have to pray for-to become a mirror in which, according to the degree of purity of heart you have attained, the greatness of life will be reflected.

Madonna,

Boy, wasn't that an easy test we just had in Shelbrunes class? I hope I did good. We haven't been in very many classes together these 4 yrs. I guess it was just in Shelbrune's. We were both in softball but you were on varsity. It was great knowin' you. I hope you all the luck in this world in whatever you do.

Your friend,
Mary Pereira '79

Madonna,
Isn't it exciting
to say good-bye.
To tell you the
truth I'm really
going to miss your
horny head, your
seductive tongue.
Life's not going to
be easy but I know
you'll do fine. So take
care. And the best of
happiness in the
future.
Love
Brad
